FICTIONAL QUOTATION - LEARNING FIXTURE

Document context and normalization rules - digitally generated text

Quote ID	**Q-00742**
Issue date	**03/04/2026**
Currency	**EUR**
Delivery date	**To be confirmed**

Revision: B. All 3 pages belong to this fictional quotation.

Date format: DD/MM/YYYY. 03/04/2026 means 3 April 2026.

Number format: period for thousands; comma for decimals.

Identifier rule: retain every character, including leading zeroes.

A delivery date marked "To be confirmed" has no set date.

The 20% tax shown is an invented arithmetic assumption only.

No signature, supplier identity or legal validity is asserted.

Invented document. No real supplier, order, payment or approval.

OpenMax editorial example - not a product execution or OCR benchmark.

FICTIONAL QUOTATION - LEARNING FIXTURE

Q-00742 / revision B - item table begins - digitally generated text

Item	Description	Qty	Unit price	Amount
AX01	Bracket set	12	25,00	300,00
BX02	Cable kit	8	37,50	300,00

Continued on page 3. Do not treat this page as the full table.

Table note: quantities are pieces; prices and amounts are EUR.

This note is outside the table boundary and applies to all rows.

Invented document. No real supplier, order, payment or approval.

OpenMax editorial example - not a product execution or OCR benchmark.

FICTIONAL QUOTATION - LEARNING FIXTURE

Q-00742 / revision B - continuation - SYNTHETIC IMAGE-ONLY PAGE

Item	Description	Qty	Unit price	Amount
CX03	Mounting frame	**2**	120,00	240,00

Subtotal (EUR)	**840,00**
Illustrative tax, 20% (EUR)	**168,00**
Total (EUR)	**1.008,00**

Table note: EUR amounts; comma decimals; quantities in pieces.

This page was rasterized for teaching. It is not a real scan.

No hidden OCR text layer is provided on this page.

Reconcile: 300,00 + 300,00 + 240,00 = 840,00.

Then: 840,00 + 168,00 = 1.008,00.

Invented document. No real supplier, order, payment or approval.

OpenMax editorial example - not a product execution or OCR benchmark.
